

Centerbase Alliance Program

Your influence already shapes the legal community — now let's make it count.

Why This Matters

When you share your Centerbase story with peers, you're already driving decisions. The Alliance Program simply recognizes that influence with credits applied directly to your renewal.

What's In It for Your Firm?

Earn up to 4 credits per year through referrals and references. Each credit equals 1 month free (up to \$5,000), applied to future invoices — up to \$20,000 annually. This is about recognizing the influence your firm already has in the community — while also reducing future spend.

- Offset future spend and reinvest savings where it matters
- Extend your influence across the Centerbase community
- Support your peers by helping them modernize

We make the process easy, impactful, and worthwhile for your firm — and for the partners and professionals you refer.

How to earn Credits

Earn **up to 4 total credits annually** through any combination of the following activities:

- References: Complete 12 brief reference calls to earn 1 credit (1 month free, up to \$5,000).
- Referrals: Introduce a qualified* mid-size firm of at least 15 attorneys. When they join Centerbase, your firm earns 1 credit (1 month free, up to \$5,000). Written introduction required.

*Credits apply only to qualified referrals, speak to a CSM for more details. Maximum of 4 credits per annual term. Credits are applied to future invoices and do not extend or alter contract terms.

Turn conversations into lasting value for your firm.

- Combining up to 4 credits between our new referral and reference program can save your firm up to \$20,000 in Centerbase costs.

How to Refer Another Firm

Getting started is simple. Contact your Customer Success Manager or complete the short form on our website, <https://centerbase.com/alliance-program/>, and we'll guide you through the process.

We look forward to working with you.
